Continuation Sheet (PTOL-303)

Application No.

Continuation of 3. NOTE: The amended claims 4 submitted on 07/13/2009 add new limitations that ultimately change claim scope and would require new searching and new rejections. Specifically, the newly added limitations which is the deletion of the conditions "traumata and temperature impariment" in lines 5 and 6 of the claims respectively narrows the claim scope as compared to the claim 4 submitted on 02/18/2009. In addition applicant submits two new claims claims at 4 which significantly narrows the scope of the instant claim 4 which was not previously submitted in the claims as 10 o2/18/2009.

Continuation of 11. does NOT place the application in condition for allowance because: The amended claims 1 submitted on 07/13/2009 and new limitations that ultimately change claims scope and would require new searching and new rejections. Specifically, the newly added limitations which is the deletion of the conditions "traumate and temperature impariment" in lines 5 and 6 of the claims respectively narrows the claim scope as compared to the claim 4 submitted on 00/18/2009. In addition applicant submits two new claims claims claim 7 and 8 which significantly narrows he scope of the instant claim 4 which was not previously submitted in the claim set of 02/18/2009. Applicants arguments in response to the final rejection mailed on 04/13/2009 has been considered but are deem uppersussive. Not

considering the newly amended claim 4 set forth in the response of 07/13/2009 since it will not be entered into the record, none of the arguments presented by the Applicant has been found to be persuasive because they are directed to the proposed amended claims.
